Subject Council Agenda Item 6(b)- (2)

Joe,

Do you currently sit on the Traffic Safety Committee (TSC)?

Based on info I'd seen to-date Gord Landon, Alex Chiu, and Valerie Burke were those from Council members assigned/sitting on the TSC....

Previous council representation on the York Region Roadwatch Committee had been Stan Daurio who also sat on the TSC.....

Council representation should be one of the council representatives sitting on the TSC as Roadwatch within the Town of Markham is administered by/through the TSC and info exchanges and materials from the Regional Roadwatch Committee are specific to and of interest to the TSC.....

It makes no sense to have Markham Council representation at this regional committee level from a councillor who is NOT currently sitting on the TSC.....

During my tenure on the TSC; I personally was one of two resident representatives who sat on the Regional Roadwatch Committee..... On my leaving; Wing Morse took over and continued as the Resident representative from the TSC..... It is my understanding that he is to continue in that capacity through 2007.

Following is the specific entry copied from tonight's council agenda (for reference):
