Attn: Sheila Birrell – Town Clerk

Dear MS. Birrell

50 foot waves, two near capsizes, 5 800 km of open ocean, the ever present fear of lurking sharks and only having oars for propulsion.....welcome to 90 days of my world.

More people have climbed Mount Everest than row an ocean and I am privileged to now belong to a small fraternity of ocean rowers who have put it all on the line and chased a dream that is by far one of the most challenging undertakings a person can willingly take. Although we fell just short of our goal of rowing to Mauritius, we still managed to row unsupported for 90 days, 43 days longer than any other Indian Ocean rowing team. This is a great achievement for us, however, the true success of the expedition was that we raised over \$61,000.00 for the Children's Wish Foundation of Canada, a charity who are in the business of granting the wishes and dreams of children living with life threatening illnesses.

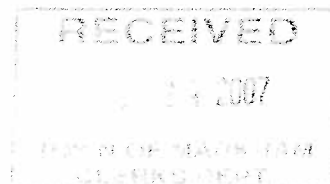

Without your belief and partnership this expedition would have never become a reality and I would like to thank you for your support. And as per our sponsorship agreement enclosed with this package are promotional pictures and a plaque.

Again, thank-you for your trust and I wish you all the best in your own future endeavors.

With best regards,

Glenn Edwards

PS – As per the sponsorship parameters I am available to conduct a presentation detailing the row.

Dream BIG and PLAN to succeed
