Take the Quest for the Best Markham

You're young. You're full of fresh ideas. And you don't just want to make a difference, you want to BE the difference. Awesome. Because the Quest for the Best Markham is your chance to do just that.

◆ The Quest

We all know Markham has what it takes to be the best. Give us your big ideas on how to make Markham a green community. Think trees, community planning, jobs, transportation, culture, growth and public safety. Think about the future you would like to see for Markham.

We don't want a novel. Just a couple of good, never-done-before ideas that total no more than 500 words. The top three schools and top three individuals ages 11 to 18 will not only earn public adoration and kudos from the top suits at Markham, but will get cool, green prizes. [Quest Prizes](#)

Your voice... your say. [Take on the Quest](#).

◆ Key Quest Dates

Huh? What does 'Community Sustainability' mean?

In plain English it's just about making sure that we build and grow Markham so that the environment, the people here and all the things we do here (work, shop, play, and more) all work together!

Done Local intranet
