**Subject:** To Change my House Number from 4 to 2

Dear Sir, I am living at 4 Page Crescent, Markham, ON, L3S 1W1.

I requesting you to change my house number from **four** to number **two**. which is available as informed by your concern department.

Before I put this request to my councillor and his office advised me to write a request to you.

Sir, me and my family are living at this place from October, 2004. When we bought the house we did not think about the number of the house. Sir, but from several days this number is putting some doubts in our mind as per our religious and community belief.

Sir, It will be difficult for me to explain you evidently, but if you will make it possible that will be tremendous boost to our moral support and give us peace of mind against this doubt.

I hope you will consider this.

Sincerely

Himanshu patel
