Dear Ms. Tari:

**Re: Request for House Number Change from  
4 to 2 Oxfordshire Street - Town of Markham**

Our Councillor, Ms. Carolina Moretti suggested that we should address this letter to your attention.

We are the homeowners of 4 Oxfordshire Street in Markham, Ontario. We are going to put our property on the market in Fall this year. As our house number is 4, we will have problem selling the property as Asian groups are the major potential buyers as they do not like number 4. The property value will depreciate because it is number 4.

**Number 2 on our street is unassigned as I was told it was reserved in case the owner of 30 Hollylane Drive wishes to re-address their property. As this has not happened in the past 7/8 years, number 2 is available for us. Our house is the first one facing Oxfordshire Street, technically the house number should be 2 as we thought at the time when we bought the house in this new subdivision.**

We are writing to request to change our house number from 4 to 2 Oxfordshire Street. Kindly submit our request to the next Development Services Committee meeting for approval. Your help in getting our request in the approval process would be very much appreciated.

Yours very truly,

Midy Wong

Stanlie Wong
