Sustainability for Leaders - Level 1 Course, Ottawa

Event Description

[Register Now »](#)

This intensive 2-day practical course is designed to give you a solid grounding in a proven framework and planning methodology used to guide organizational sustainability change efforts and to identify key messages to communicate to build organizational buy-in. While this course provides a solid grounding in the core concepts of sustainability and the Natural Step Framework, the focus is on participation and practical experience with plenty of opportunities for dialogue and hands-on application.

Space for this course is limited. If you have any questions, please contact Kim Larocque at klarocque@thenaturalstep.ca or visit www.thenaturalstep.org/en/canada/learning-programs.
