HERITAGE BUILDING RELOCATION (16.11)
Extracts: R. Hutcheson, Manager of Heritage Planning
R. Cefaratti, Planner II

The Senior Heritage Planner reviewed that this application had been before the Committee previously, and the recommendation had been to preserve the heritage house near the original site. Habitat for Humanity has approached the owner with a proposal to relocate the house at an alternate location as a potential Habitat project.

Representatives of York Region’s Habitat for Humanity, and 1232548 Alberta Inc., the developer, were in attendance to explain the proposal to relocate the house to the north-east corner of 14th Avenue and Ninth Line.

Discussions included the setback from the top of bank and yard dimensions. It was suggested that the discussion is premature, due to TRCA’s pending review. The applicant was cautioned regarding the potential costs and efforts that are generally associated with restoration of heritage buildings. The construction supervisor for Habitat for Humanity was also in attendance and advised that they have previous experience in this subject and are confident it can be done at a reasonable cost.

The developer indicated that a deferral of this matter would be detrimental to the proposal.

A motion was made to defer this matter until the TRCA report is received, and was DEFEATED.
HERITAGE MARKHAM RECOMMENDS:

THAT Heritage Markham receive the presentation by Habitat for Humanity and the property owner on the proposal to relocate the heritage house at 7790 Ninth Line to another site on the opposite side of Ninth Line;

AND THAT Heritage Markham continues to support the relocation of the heritage house at 7790 Ninth Line within the development proposal for 6750 14th Avenue (File No. ZA 11 112570);

CHAIN LINK CEMETERY FENCE (16.11)
Extracts: R. Hutcheson, Manager of Heritage Planning
B. Wiles, By-law Enforcement Manager

The Senior Heritage Planner provided an overview of the unauthorized installation of a 5 ft. chain link fence at St. Luke’s Cemetery in Thornhill. The applicant is requesting permission to replace it with a 4 ft. high black chain link fence.

Several Committee members had attended the property to view the proposed fence. Discussions included improvements to make the fence more aesthetically suitable, such as an improved gate treatment, a wider weave in the chain, and adding decorative finials on the posts.

Ron Hendrix, representing Catholic Cemeteries, explained the circumstances surrounding the fence installation, and agreed to the improvements suggested as well as the relocation of two interpretive plaques to a more appropriate location. It was requested that the possibility of the Town planting additional trees along the boulevard, be investigated. The Committee thanked the applicant for his cooperation.
