

## MEMORANDUM

**TO:** Mayor and Members of Council  
**FROM:** William Snowball, Fire Chief  
**DATE:** February 14, 2012  
**SUBJECT:** Cathedral Streets (Donald Buttress and Pope John Paul Square)

---

Fire and Emergency Services met with Geoff Day, Senior Planner – West District to provide input into the various scenarios for the naming of streets in the Cathedral Community, specifically Donald Buttress Boulevard and Pope John Paul II Square.

Fire and Emergency Services agree to having an east and west portion of Donald Buttress Boulevard intersected by Pope John Paul II Square. For responses to this area, this is preferred to having 3 street names along the section of road from Woodbine Avenue on the east to Quinton Road on the west that would appear to have no beginning or end.
