#### **MULTIPLE CHARGES**

6.

#### **CREDIT FOR PROVISION OF SERVICES**

7. As an alternative to the payment by the means required under section 10, council may, by agreement entered into with the owner, accept the provision of services in full or partial satisfaction of the development charges otherwise payable. Such agreement shall further specify that where the municipality agrees to allow the performance of work that relates to a service, the municipality shall give to the person performing the work a credit equal to the reasonable cost of doing the work against the development charge otherwise applicable to the development, without interest, unless such interest is specifically authorized by council, provided such credit shall not exceed the total amount of development charges payable by an owner to the municipality and provided that no such credit shall be given for any part of the cost of services that relates to an increase in the level of service that exceeds the average level of service described in paragraph 4 of subsection 5(1) of the Act. The reasonable cost of doing the work and the amount of the credit therefore, shall be finally determined by the City's Commissioner of Development Services.

#### **REDUCTION OF CHARGE FOR REDEVELOPMENT**

8.
  - (1) Despite any other provision of this by-law where an existing residential use building or structure is demolished, a full credit against development charges otherwise payable pursuant to this by-law with respect to redevelopment of the residential use or lands shall be applicable where the redevelopment has occurred:

- (b) on the same lot or block on which the demolished building or structure was originally located.

(2) Despite any other provision of this by-law where an existing non-residential use building or structure is demolished, a full credit against development charges otherwise payable with respect to redevelopment of the non-residential use shall be applicable if the gross floor area of the replacement non-residential use building or structure is equal to or less than the demolished non-residential use building or structure; and a partial credit against development charges otherwise payable with respect to such redevelopment shall be applicable if the gross floor area of the replacement non-residential use building or structure is greater than the gross floor area of the demolished non-residential use building or structure to be calculated in accordance with the following:

$$\text{partial credit for redevelopment} = \text{eligible charge} \times \frac{\text{existing gross floor area of demolished building or structure}}{\text{gross floor area of demolished replacement building or structure}}$$

and such credit or partial credit shall be applicable only where the redevelopment has occurred:

- (a) within 48 months from the date that the necessary demolition approval was obtained with documented proof thereof; and
- (b) on the same lot or block on which the demolished building or structure was originally located.

(3) Where there is a redevelopment that includes a change in the use of all or part of a non-residential building or structure to residential use, a reduction against the development charge otherwise payable pursuant to this by-law will be allowed. The reduction will be calculated as the amount of the development charge that was payable in accordance with the by-law in effect on the date that the original development charges were paid and prorated to the number of net hectares of land being converted to residential use.

(4) Where there is a redevelopment that includes a change in the use of all or part of a residential building or structure to a non-residential use, a reduction against the development charge otherwise payable pursuant to this by-law will be allowed. The amount of the reduction will be calculated as the amount of the development charge that would be payable in accordance with the by-law in effect on the date that the original development charges were paid and prorated to the number of net hectares of land being converted to non-residential use.

(5) Despite any other provision in this by-law, whenever a reduction is allowed against a development charge otherwise payable pursuant to this by-law and the amount of such reduction exceeds the amount of the development charge otherwise payable pursuant to this by-law, no further reductions shall be allowed against any other development charges payable and no refund shall be payable.

## **CREDITS, EXEMPTIONS, RELIEF AND ADJUSTMENTS NOT CUMULATIVE**

9. Only one (1) of the applicable credits, exemptions, reductions or adjustments in this by-law shall be applicable to any development or redevelopment. Where the circumstances of a development or redevelopment are such that more than one credit, exemption, relief or adjustment provided for in this by-law could apply, only one credit, exemption, relief or adjustment shall apply and it shall be the credit, exemption, relief or adjustment that results in the lowest development charges payable pursuant to this by-law.

## **TIMING OF CALCULATION AND PAYMENT**
