6.1  

**Quarterly Ends Report**

Staff explained this update is for the months of April and May.

Mr. Siu asked how activities were advertised. Staff responded that various methods are used: Markham Life, the Liberal Newspaper, flyers in the branches and out in the community, notices on Twitter, Facebook, and personal contacts. Mr. Siu commented on the effectiveness of Facebook and Twitter and the fact that they are free. Staff informed the Board that the Community Librarians managed these contact sites.

There was a question re page 87 about CPA’s contacting the Library and wondered if anything had come of that enquiry. Staff responded not as yet, however it was another example of how the Library’s role in and contribution to the community’s economic priorities is being recognized. Dr. Jiwani commented that on line registration required an extra step that was cumbersome. Staff agreed that there were elements of the registration system that were less than ideal. They explained that the system used is called Class and is managed by the City of Markham. The system is due for replacement in the next few years and better functionality will be a requirement.

Staff explained that there was a slight decrease in the number of programs offered due to the reduction of fee-based programs in the Spring. Competition from other community organizations has meant that several programs had to be cancelled. Programs are prepared up to eight months
in advance and efforts are continually made to provide programs that meet community needs without duplicating what is already available. Although the overall programs decreased, the number of program sessions increased by 11%.

Discussion followed regarding survey statistics and how to motivate the public to complete the surveys.

10.2 **City Business Planning and Budget Process**

Staff explained that the purpose of the report was to provide the Board with context for the Strategic Planning presentation scheduled to go before Council in September.

**BMFT (Building Markham's Future Together)**

BMFT is the corporate strategic plan for the City of Markham. In 2014 the business planning process was retooled, including the creation of four Corporate Goals in order to identify the longer term focus of the corporation. The Corporate Goals are:

1. Exceptional Services by Exceptional People
2. Engaged, Diverse and Thriving City
3. Safe and Sustainable Community
4. Stewardship of Money and Resources

MPL has developed its own strategic plan referencing the Corporate Business Plan of the City. For the 2016 business plans, all departments have to include these three mandatory elements:

1. Undertake a customer survey in at least one service area.
2. Undertake improvement projects arising from staff satisfaction surveys.

The MPL Draft Business Plan for 2016 is outlined in the report. Business Plan Performance Measures are defined as “things you can count, calculate and trend”, i.e. survey scores, counts of transactions and key performance indicators. Success is measured through efficiency and effectiveness, i.e. providing “the best possible services at the lowest possible costs” rather than from the perspective of social outcomes.

Public engagement, face to face and digital will take place over the next several months
